

Button Head Case Hardened Steel Geomet® 500 B Thread Forming Screw

Product Details

Versatile tamper resistant self-threading security drive.

Ideal for all types of fencing applications, the tri-Lobular self-threading screw eliminates the need for nuts, reducing labour costs & installation time. PowerSIX™ Security Screws also feature a unique shaped 6-Lobe Pin drive, providing a higher level of security.

- Stocked in steel with a Geomet® 500 B coating
- Stocked in Pan Head M8 x 35mm, Other sizes available to order.
